

RULE 40 ELIGIBILITY CRITERIA

511 IAC 7-40-6 In general

Sec. 1. In making a determination of eligibility for special education under this rule, a student shall not be determined to be a student with a disability if the key factor for such a determination is lack of instruction in reading, including the 5 essential components of reading instruction or math or limited English proficiency, and the student does not otherwise meet the eligibility requirements of this rule
