- A student is NOT eligible for special education and related services as a student with a language or speech impairment solely because the student's native language is not English.
- A student who is deaf or hard of hearing or with specific learning disabilities, who have language deficits or auditory processing difficulties, are not eligible for services designed solely for students with language impairments in lieu of services for the deaf or hard of hearing or specific learning disabilities.

Does this student have an organic cause for communication disorder: Yes* No

*Communication Disorder must be nonmaturational in nature; may be a result of organic or nonorganic cause. If organic cause is suspected, please submit statement from physician describing medical needs and limitations to communication training.

Identification of a student with a **speech impairment** shall be determined by the case conference committee based on, but not limited to the following information:

- Assessment of articulation, fluency and voice
- Assessment of current academic achievement
- Social and developmental history
- Observation of student's speech by an SLP
- A statement from a physician if an organic cause suspected
- Available educationally relevant medical information
- Any other assessments or information necessary to determine eligibility and inform the CCC
